The information we would like to collect consists of biographical and enrollment information (specifically consisting of your child's name, address, date of birth, student identification number, grade, school(s) attended and transfer, discharge, and graduation data about your child); data concerning your child's school attendance (including number of days attended and absences); and academic performance data (including your child's results on state and national exams, credits earned, grades, promotion and retention status, and fitnessgram score); and data related to any disciplinary actions taken against your child (including number and type of suspensions).

We are requesting to collect the information listed above about your child on a past, present and future (i.e., ongoing) basis.

We are also requesting your permission for DYCD to share information we collect on the enrollment form from you and/or your child with DOE staff. The information includes registration information, student's interests and challenges, type of program enrolled-in and frequency of participation. This information will be used to help the school and community organization work together to meet you and your child's needs.

Who will see my child's information and how will it be safeguarded?

The only people who will see your child's individual information are DYCD and DOE staff who manage the data systems and prepare research reports and program analyses. The limited number of DYCD staff identified to receive personal information is screened, and provided extensive training to follow strict guidelines on protecting the confidentiality of information that would personally identify you or your child. Personally identifiable information collected from student records will only be shared electronically between DOE and DYCD and will be secured and protected in the DYCD data base. Personally identifiable information will not be shared with any community based organizations or their staff members. We will not use your name or your child's name in any published report. Parent Consent for Participation in Program Evaluation Data Collection

Purpose

Your child is enrolled in a program that is supported by the Department of Youth and Community Development (DYCD). American Institutes for Research (AIR) is doing a study of the programs that are funded by DYCD. In order to monitor the effectiveness of these programs and ensure their future success, DYCD, and its evaluation partner AIR, are **collecting information about participants and their experiences in youth programs**. This project has been approved by the Department of Education (DOE). AIR will visit some of the programs and survey its staff as well as youth and their families to learn more about DYCD programs and how they can be improved.

Procedures

We ask permission from parents to conduct the following study activities:

- Administer **10-minute surveys** to youth asking about the DYCD program in which they participate and their perceptions of youth leadership development in the program
- Invite youth to attend a **1-hour focus group and/or interview** about the DYCD program in which they participate, focused on their experience in the program and their perceptions of youth leadership development
- Review youth **DYCD program records**, focused on their activity participation, enrollment dates, attendance, and demographic information

AIR may also collect and analyze your child's school records from **New York City Department of Education**, including demographic data, school day attendance, disciplinary referrals, grade promotion, and academic performance data (e.g., test scores and grades). These data are anonymous and completely confidential. The data will be combined to the school-level and we will not be able to link this school information to individual youth or their families.

Risks/Benefits

The risks involved in participating in this research are those individuals may normally experience when discussing their program experiences. There are no direct benefits to your child from participation, but they may benefit from having the chance to think critically about their program experiences and leadership development. The results of this research project will be used to inform future implementations of programs at DYCD and may expand on currently available research related to youth development leadership.

Confidentiality

Members of the AIR evaluation team will have access to your child's information. All information we collect will be used only to assess the DYCD program and will not be made public. **We will not use your name or your child's name in any report, and your child's information will not be used or distributed for future research studies.**
